Dear Hiring Manager,

I am writing to express my interest in a Facilities or Workplace Operations Manager position within your organization. With over nine years of experience managing large-scale corporate campuses in IT and enterprise environments, I have developed strong expertise in integrated facility management, statutory compliance, vendor governance, and workplace service delivery aligned with EHS standards.

In my current role as Facility Manager at Compass Group supporting the LTIMindtree Raheja Campus, I oversee approximately three lakh square feet of corporate infrastructure, including dual cafeterias and multi-service operations. I lead cross-functional teams across housekeeping, technical services, security, and waste management while ensuring preventive maintenance planning, statutory audits, and uninterrupted system availability. Previously at CBRE, I managed a twelve lakh square foot enterprise campus and led a workforce of 250 personnel, delivering structured SLA governance, large-scale event coordination, and operational cost optimization initiatives.

My professional approach is structured, compliance-focused, and performance-driven. I place strong emphasis on safety standards, audit readiness, vendor accountability, and continuous process improvement. During the COVID-19 period, I was recognized for maintaining operational stability and safety compliance under challenging circumstances. I am comfortable working in multicultural environments and collaborating closely with stakeholders to maintain high service standards.

I am particularly interested in contributing to a German organization that values operational excellence, regulatory compliance, and structured workplace management. With my experience in large campus operations and team leadership, combined with my commitment to professional growth and German language development, I am confident in my ability to contribute effectively to your facilities management team.

Thank you for your time and consideration. I look forward to the opportunity to discuss how my experience aligns with your requirements.

Sincerely,  
Santhosh Alukapelly
