Summary

Senior cybersecurity professional with 10+ years of experience leading SOC L3 and Incident Response across enterprise, corporate, banking, fintech, and MSSP environments. Proven expertise managing P1/P2 incidents, executive RCA reporting, and regulatory coordination within highly regulated and large-scale enterprise ecosystems. Strong command of SIEM, EDR/XDR, threat intelligence, and SOC maturity programs, with hands-on leadership of 24×7 operations supporting global US and EU stakeholders.

Core Skills

- **SOC & Incident Response:** SOC L2/L3, P1/P2 Handling, Crisis Bridge Calls, IR Leadership
- **Security Platforms:** SIEM (QRadar, Splunk, Elastic), EDR/XDR (SentinelOne, Cortex, Trend Micro)
- **Threat Intelligence:** IOC Enrichment, Threat Hunting, Brand Monitoring, Credential Leakage
- **Domains Supported:** Enterprise, Corporate, Banking, Fintech, MSSP Environments
- **Automation & Governance:** SOAR Playbooks, SLA/KPI Management, SOC Maturity Programs
- **Reporting & Compliance:** RCA, Executive Reporting, Regulatory & Audit Coordination

Experience

State Bank of India (SBI) **December 2024 - Present**
Deputy Manager, Incident Response *Belapur, Navi Mumbai, India*

- Lead and assist security incidents for P1/P2 threats across banking infra.
- Coordinate SOC, IT, and business stakeholders to investigate and contain high-impact security incidents.
- Delivered executive RCA and regulatory reports, reducing audit observations and response gaps by 30%.
- Improved SOC readiness through threat hunting, IOC-led investigations, and enterprise TTX exercises.

HCL Technologies **July 2024 - November 2024**
Associate Consultant, SOC Lead *Noida, India*

- Led 24×7 MSSP SOC operations supporting enterprise clients across US and EU regions.
- Managed and mentored 25+ SOC analysts across shifts, ensuring escalation quality and SLA adherence.
- Reduced incident resolution time by 22% through improved escalation workflows and bridge leadership.
- Reviewed enterprise incident reports prior to client, CISO, and executive communications.

Webhelp Pvt Ltd **June 2023 - July 2024**
Senior Cyber Security Analyst (SOC L3) *Gurgaon, India*

- Handled enterprise and corporate high-severity incidents across SIEM and EDR/XDR platforms.
- Designed and tuned SIEM detection rules, reducing false positives by 35% across core enterprise use cases.
- Delivered RCA and post-incident reports improving client trust and SOC performance metrics.
- Trained L2 analysts and collaborated with Threat Intel and SecOps engineering teams.

Webhelp Pvt Ltd **January 2022 - June 2023**
Senior Cyber Security Analyst (SOC L2) *Gurgaon, India*

- Performed incident triage and escalation for enterprise SOC operations using defined playbooks.
- Executed containment actions including host isolation and remediation coordination.
- Maintained SLA compliance across multi-client enterprise SOC environments.

- Monitored SIEM alerts supporting enterprise and banking infrastructure environments.
- Investigated malware, intrusion attempts, and anomalous activities across corporate networks.
- Supported continuous SOC improvement via documentation and operational reporting.
