Summary

Implementation Engineer with over 2 years of experience delivering end to end Hospital Information System and ERP implementations across healthcare environments. Strong expertise in deployment management, Windows Server and IIS configuration, database migration, HL7 and ASTM integration, and Python Django development. Proven capability in requirement analysis, UAT coordination, production rollout, and cross functional stakeholder alignment. Recognized for successfully executing complex healthcare implementations including the LISIE project. Committed to driving reliable system integration, operational stability, and client focused delivery within healthcare IT environments.

Core Skills

- **Implementation & Deployment:** End-to-End HIS Deployment, Requirement Gathering, Scope Analysis, UAT Coordination, Software Installation and Configuration, Production Rollout, End-User Training, Process Documentation, SOP Development, Client Communication
- **Laboratory & Device Interfacing:** Lab Equipment Interfacing (HIS/LIS), HL7 and ASTM Mapping, Middleware Integration, Analyzer Integration (Hematology, Biochemistry), CT/MRI/USG and Radiology System Integration, Lab Result Automation Troubleshooting
- **Database & Data Management:** Oracle SQL (Toad), MySQL, Data Migration, ETL, Data Validation and Auditing, Backup and Restore Management, Schema Adjustments, SQL Performance Troubleshooting
- **System & Network Administration:** Windows Server Administration, IIS Hosting and SSL Configuration, Application Pool Management, Network Administration (TCP/IP, DNS, DHCP, VPN), Server Performance Monitoring (Prometheus, Grafana), Log Analysis and Performance Tuning
- **Integration Engineering:** Technical Workflow Design, QMS and KIOSK Integration, API Testing (Postman), TCP/IP and Serial Port Communication Setup, Middleware Configuration, Root Cause Analysis
- **Tools & Technologies:** Python, C, C++, HTML, CSS, JavaScript, IIS Manager, Windows Server, Azure, AWS, Git, Zebra Printers, ZPL Configuration

Experience

Datamate InfoSolutions Ltd

January 2024 - Present

Lead Implementation & Integration Engineer

India

- Led end-to-end HIS deployments across 8 hospital sites managing hosting, configuration, production rollout, and UAT sign-off across complex clinical environments.
- Engineered HL7 and ASTM integrations for 15+ lab analyzers per site using middleware configuration and TCP/IP communication protocols.
- Administered Windows Server and IIS environments handling application hosting, SSL configuration, database updates, and performance monitoring using Prometheus and Grafana.
- Executed integration of diagnostic systems including CT, MRI, USG, PACS, QMS, and KIOSK platforms ensuring stable interoperability across clinical departments.
- Delivered structured data migration, SQL validation, system documentation, and end-user training improving adoption efficiency by 25 percent.
- Recognized as Star of the Month for successful execution of high-complexity LISIE Hospital HIS rollout.

*Trainee Full Stack Python Developer**India*

- Contributed to development of large-scale ERP modules using Python and Django ensuring structured backend logic and scalable architecture.
- Designed and customized responsive user interfaces using HTML, CSS, and JavaScript aligned to evolving client requirements.
- Integrated frontend and backend components ensuring consistent data flow and API reliability across application layers.
- Utilized Git-based version control and collaborative sprint workflows to deliver feature enhancements within defined release cycles.
- Supported debugging and feature validation improving application stability by 20 percent.

Education

The Oxford College of Engineering Bangalore**2020 - 2023***Master of Computer and Applications**Karnataka, India***Vindhya Institute of Science and technology Satna****2018 - 2020***Bachelors of Computer and Applications**India*

Projects

- LISIE Hospital Kochi (Implementation Lead)
- Jubilee memorial Hospital Trivandrum (Implementation Lead)
- Parumala Hospital (Implementation Lead)
- Pushpagiri Medical College Hospital (Implementation Support)
- GG hospital Trivandrum (Implementation Support)

Languages

- English – Full Professional Proficiency (C1)
- German – Intermediate Working Proficiency (B1)
