Dear Hiring Manager,

I am writing to apply for an Accounts Executive or Finance Operations role within your organization. I bring over eight years of hands-on experience supporting SME accounting operations, with strong exposure to accounts payable, accounts receivable, reconciliations, and day-to-day financial controls. I am seeking an opportunity to contribute my practical accounting expertise within a structured and compliance-driven environment in Germany.

In my current role at JSP Automotives, I am responsible for maintaining accurate books of accounts across sales, purchases, and routine financial operations. I manage transaction posting, cash handling, and reconciliations using Tally ERP and Excel-based trackers, ensuring accuracy and consistency across ledgers. Through regular bank and insurance reconciliations, I have improved ledger accuracy and strengthened payment tracking for multiple stakeholders.

I actively support accounts payable and receivable monitoring, helping improve cash flow visibility and operational control. My responsibilities also include preparing reconciliation reports, assisting with month-end activities, and generating basic financial summaries such as trial balances and cash flow statements. I have coordinated with auditors by providing documentation and clarifying accounting records, supporting audit readiness and internal controls.

I possess a solid working knowledge of Tally ERP, GST basics, and Excel, and I am known for my attention to detail, reliability, and ability to work independently with minimal supervision. I am proficient in English and currently learning German, and I am fully open to relocating to Germany to build a stable, long-term career in accounting and finance operations.

I would welcome the opportunity to discuss how my experience and work ethic can add value to your finance team. Thank you for your time and consideration.

Sincerely,

Jonnala Jaya Rami Reddy
