Dear Hiring Manager,

I am writing to express my interest in **Chef de Partie – Bakery** opportunities within your organization. With more than **6+ years of professional experience** across international cruise lines and hospitality establishments, I bring strong expertise in European bakery production, high-volume kitchen operations, and maintaining strict food safety standards.

In my current role as **Chef de Partie (Baker) at Paris Panini & Pizza Bakery in Bengaluru**, I manage bakery section operations including mise en place preparation, batch production, and service execution. I focus on maintaining consistent product quality while optimizing production workflows and reducing waste through disciplined quality checks and portion control. I also ensure strict adherence to HACCP procedures, allergen separation protocols, FIFO inventory management, and daily production logs to maintain food safety and operational efficiency.

Previously at **Radisson Blu Resort and UNITED-21**, I managed daily bakery **production of breads, pastries, and desserts in high-volume hotel kitchens**. My responsibilities included coordinating bakery operations with kitchen teams, supervising junior staff, and ensuring timely preparation of baked products according to standardized recipes and quality expectations. Through effective coordination and process control, I consistently maintained high product quality and service standards.

Earlier in my career, **I worked as a Baker with Costa Cruise Lines**, where I completed multiple international contracts across different vessels. During this time, I specialized in the production of European bread varieties including French, Italian, and German breads while working in demanding, fast-paced environments. I followed strict USPH hygiene standards, controlled fermentation and proofing processes, and implemented quality checks to improve finished-product consistency and reduce reject rates.

I hold a **Bachelor's degree in Catering Technology and Culinary Arts from Osmania University and am HACCP certified**. My professional background has developed strong capabilities in bakery section management, production planning, sanitation compliance, and team coordination. Additionally, my intermediate proficiency in German helps me communicate effectively and integrate into professional environments in Germany.

Germany's strong culinary traditions and bakery culture strongly motivate me to continue developing my expertise while contributing to high-quality bakery operations. I would welcome the opportunity to bring my experience in European bread production and hospitality kitchen operations to your team.

Thank you for considering my application. I look forward to the opportunity to discuss how my experience and skills can contribute to your kitchen operations.

Sincerely,
Rakesh Kumar Sure
