Dear Hiring Manager,

I am writing to express my interest in **Talent Acquisition, Recruitment, or HR** roles within your organization. With over 5 years of experience in end-to-end recruitment, candidate sourcing, and stakeholder management, I bring strong expertise in managing hiring processes, building talent pipelines, and delivering high-quality recruitment outcomes in fast-paced environments.

In my most recent role as **Senior HR Recruiter at CodeSense Soft Solutions**, I managed the full recruitment lifecycle by aligning sourcing strategies with client requirements across multiple roles. I successfully improved candidate shortlist quality and reduced hiring turnaround time through structured screening, effective interview coordination, and proactive stakeholder communication. I also enhanced candidate engagement throughout the hiring process, resulting in higher offer acceptance rates and improved overall hiring efficiency.

Previously, as a **Senior Consultant at Orcapod Consultancy Services**, I handled full-cycle recruitment for diverse roles and industries, building strong candidate pipelines through job portals, referrals, and social networks. I focused on improving hiring accuracy through effective screening and competency validation while ensuring smooth coordination between candidates and clients. My ability to manage multiple hiring requirements and maintain strong client relationships helped improve fulfillment efficiency and recruitment performance.

Earlier in my career, I worked as a **Team Lead at First Choice Service Pvt. Ltd.**, where I led a team of recruiters and managed end-to-end recruitment operations across multiple client accounts. I was responsible for driving team performance, handling complex hiring requirements, and managing salary negotiations and offer processes to ensure successful closures and client satisfaction.

Currently based in Germany, I am particularly motivated to contribute to organizations that value structured recruitment processes, strong stakeholder collaboration, and high-quality hiring standards. With my experience in recruitment operations, candidate management, and process optimization, along with my ongoing German language development, I am confident in my ability to support talent acquisition teams effectively.

I would welcome the opportunity to discuss how my experience and skills can contribute to your organization's hiring success.

Thank you for your time and consideration.

Sincerely,

Amala Rajasekaran
