Dear Hiring Manager,

I am writing to express my interest in a suitable position within your organization. With a strong background in **Python development, automation, and operations management**, I bring a blend of technical expertise and process optimization experience that supports business efficiency and digital transformation.

Over the years, I have gained hands-on experience in **Python-based automation, web scraping, data handling with Pandas, and workflow optimization**. I have developed tools that streamline email campaigns, automate data collection, and improve productivity across teams. My experience also includes **front-end development (HTML, CSS, JavaScript)** and **SEO-driven web management**, allowing me to bridge the gap between technical implementation and business needs.

As a **team leader**, I have successfully guided cross-functional teams to meet project deadlines, enhance client communication, and deliver automation solutions that reduce manual effort. I'm passionate about solving problems through technology, learning continuously, and contributing to process improvement and scalability.

I believe my skills and enthusiasm would make me a valuable addition to your team. I would appreciate the opportunity to discuss how my experience aligns with your organization's goals.

Thank you for your time and consideration.

Warm regards,

Amrit Marichamy
