Dear Hiring Manager,

I am writing to express my interest in an **operations leadership** position within your organization. With over 12 years of leadership experience across defense and healthcare environments, I bring a strong foundation in operational strategy, financial governance, regulatory compliance, and large-scale team leadership.

Currently serving as **General Manager of a multi-specialty hospital**, I hold full **profit and loss accountability** while leading both clinical and non-clinical operations. My focus centers on strengthening financial sustainability, optimizing infrastructure utilization, improving patient safety systems, and building performance-driven teams. Through structured KPI frameworks, process redesign, and governance controls, I have consistently improved operational efficiency and strengthened regulatory compliance in complex, high-accountability environments.

Previously, in **senior operations** leadership roles within a leading healthcare network and the **Indian Air Force**, I managed infrastructure commissioning projects, large-scale workforce coordination, crisis logistics operations, and digital transformation initiatives. These experiences developed a disciplined execution mindset, strong stakeholder coordination capabilities, and the ability to lead under pressure while maintaining compliance and operational integrity.

I am particularly motivated to contribute to organizations in Germany that value structured governance, operational excellence, and sustainable growth. My MBA in Data Sciences further strengthens my analytical decision-making approach, enabling data-driven performance management and continuous improvement.

I welcome the opportunity to discuss how my background in operations leadership, financial stewardship, and transformation initiatives can contribute to your organization's strategic objectives. Thank you for your time and consideration.

Yours sincerely,

Aneesh Mathew Skariah
