Experience

Infosys (Hybrid)

April 2025 – Present

Project Manager

Bangalore, India

- Lead 4 concurrent infrastructure programs across Service Desk, Command Center, and Modern Workplace delivery.
- Run governance, resource planning, and SLA reviews with cross-geo teams to close risks and escalations fast.
- Improve retention by 30% and save 500+ engineering hours/year through delivery optimization and controls.
- Automate Wintel and Linux routines, saving 300+ hours/day while leading a 120-member delivery team.

Infosys (Hybrid)

August 2024 – February 2025

Project Manager

Bangalore, India

- Built Service Desk operations and stabilized end-user support during transition to steady state delivery.
- Standardized SOPs, QA checks, and knowledge practices to improve responsiveness and ticket consistency.
- Delivered a \$2.5M transition 3 weeks early and improved satisfaction by 20% post go-live.

Infosys (Hybrid)

March 2022 – August 2024

Senior Consultant, IT Service Management

Bangalore, India

- Led incident and major incident governance to restore services quickly and protect business operations.
- Coordinated Command Center operations across Linux, compute, network, VMware, cloud, database towers.
- Improved SLA adherence by standardizing ITIL playbooks, ticket discipline, and service assurance routines.

Accenture Pvt. Ltd.

August 2012 – March 2022

Project Manager and IT Operations Consultant (Service Restoration Manager)

Remote

- Owned service restoration and escalation governance across global enterprise service desk and NOC operations.
- Reduced incident volume by 55% through trend analysis, prevention actions, and problem elimination routines.
- Cut NOC queue by 25% by forecasting SLA demand and optimizing operational workflows and reporting.

DELL International Services

September 2010 – August 2012

Technical Support Associate

Remote

- Provided remote technical support for Dell hardware and software products for customers in the US.
- Resolved issues via phone, chat, and email with structured troubleshooting and clean documentation.
- Improved team consistency by mentoring new hires on troubleshooting playbooks and escalation practices.

Projects

Client Portfolio: Chubb, Carrier, Tomra, LKQ - Delivery Governance **April 2025 – Present**

- Led end-to-end delivery governance across 4 programs, aligning KPIs, risks, and escalation paths.
- Executed 3 RFP cycles and secured 1 major win through bid planning, reviews, and closure discipline.
- Maintained strong customer feedback (ELF 5/5, CVS 6/7) via consistent reporting and execution control.

Wolfspeed - Service Desk and Contact Center Transition **August 2024 – February 2025**

- Built a Service Desk from zero with hiring, training, SOPs, and knowledge base for steady operations.
- Established Contact Center intake and routing to increase responsiveness and reduce ticket handling friction.
- Delivered a \$2.5M transition 3 weeks early and improved satisfaction by 20% post go-live.

TKE - ITSM and Command Center Operations **March 2022 – August 2024**

- Directed ITSM operations for incident and major incident handling with clear communication and restoration cadence.
- Managed service assurance across multi-tower infrastructure to protect SLAs and reduce avoidable escalations.
- Standardized runbooks and workflows to improve operational consistency and faster restoration outcomes.

Johnson & Johnson - Incident Management and Service Restoration **2016 – 2021**

- Led incident restoration governance to protect SLAs and reduce business disruption in pharma operations.
- Reduced incident volume by 55% by driving trend analysis, prevention actions, and problem elimination routines.

Desjardins - SCCM 2012 Application Packaging UAT **2015 – 2016**

- Coordinated SCCM 2012 application packaging UAT, aligning test evidence, defects, and release readiness.
- Improved production move readiness by enforcing validation steps and stakeholder updates through UAT closure.

Education

The Oxford College of Engineering **June 2010**

Bachelor of Engineering, Computer Science

Bangalore, India
