Summary

Results-driven financial markets professional with an engineering foundation and 4+ years of proprietary trading experience. Specialized in intraday execution across FX, Gold, and equity index futures with strict risk controls. Proven in managing funded capital, maintaining performance analytics, and operating within drawdown-constrained trading environments. Seeking analyst or trading-desk roles within structured, risk-governed institutions.

Core Skills

- | | | |
|--|--|---|
| • Markets: FX, Gold, Equity Index Futures, Derivatives | • Analytics: Excel, Performance Dashboards, Trade Journals | • Technical: Python, MATLAB, C/C++, ANSYS Fluent, SolidWorks |
| • Trading Tools: MetaTrader 4/5, cTrader, TradingView, Match-Trader | • Risk: Drawdown Control, Position Sizing, R:R Optimization | • Workflow: Notion, MS Word, PowerPoint |

Experience

Independent Trader — FX, Gold, Equity Index Futures

2020 – Present

Proprietary Trading

Remote

- Manage intraday trading operations across FX, Gold, and index futures under strict risk mandates.
- Execute liquidity-based price action strategies using session-specific frameworks on low timeframes.
- Delivered consistent risk-adjusted returns while operating within funded account drawdown limits.
- Maintain detailed trade journals and analytics in Excel and Notion for continuous optimization.

Indian Space Research Organisation (VSSC)

February 2019 – March 2019

Project Lead — Aerospace Research

Kerala, India

- Led a university-selected team to deliver experimental and computational aerospace research.
- Designed and tested backward-facing step models for subsonic and supersonic flow analysis.
- Applied Schlieren imaging, oil-flow visualization, and PIV for flow characterization.
- Collaborated with ISRO scientists throughout design, testing, and validation phases.

Fertilisers and Chemicals Travancore Ltd.

June 2018 – July 2018

Engineering Intern

Kerala, India

- Supported mechanical operations, inspections, and maintenance planning in industrial plants.
- Assisted technical teams with documentation and on-site engineering support activities.
- Gained exposure to large-scale process equipment and safety-driven operations.

Amazon UK

2020 - 2021

Warehouse Fulfilment Associate

United Kingdom

- Executed order fulfilment tasks in a high-volume, performance-driven logistics environment.
- Maintained accuracy and productivity under strict operational targets and time constraints.
- Demonstrated discipline, teamwork, and adherence to standardized workflows.

Education

Vellore Institute of Technology

2015 – 2019

B.Tech in Mechanical Engineering (Energy Engineering)

Vellore, India

Certifications

- VTCT Level 5 Diploma in Financial Trading — Educate2Trade (UK)

Languages

- English — Full Professional Proficiency (C2)
- German — Intermediate Working Proficiency (B1)
