Dear Hiring Manager,

I am a Talent Acquisition and HR Operations professional experienced across education and services, with a strong focus on compliant, data-driven hiring execution. I build calibrated funnels, coordinate panels efficiently, and maintain GDPR-ready documentation with disciplined tracker hygiene. I am seeking to contribute these strengths to a Germany-based organisation where process reliability, candidate care, and audit-readiness are paramount.

At Vizag Aviation Abhyas Academy (progressed from Senior HR Executive to HR Manager), I standardised SOPs, checklists, and HRIS-ready trackers in Excel/ATS, enforced version control, and strengthened documentation quality. These improvements reduced time-to-schedule by 20% and increased first-time-right documents by 15%. I also report hiring-funnel and HR ticket KPIs to leadership across 5+ departments, uphold turnaround times, and ensure audit-ready files for onboarding and payroll inputs.

In my HR Generalist role at Prowess Enterprise, I support recruitment-led HR operations and lifecycle events while running sourcing sprints on portals and social channels. By keeping pipelines calibrated to the JD, coordinating panels, and communicating proactively with candidates, I have reduced cycle time and no-show rates and improved Day-1 readiness. Earlier, at The Placement Park, I managed volume hiring, maintained clean databases, and met daily scheduling targets through disciplined outreach and referrals.

I am comfortable with job portals, ATS/trackers, Excel/MIS, and basic HR analytics. My working style is EU-ready: privacy-first, documentation-rigorous, and SLA-oriented. With C1 English and active German learning (toward B2), I am prepared to align with German documentation standards and support managers with clear, compliant processes from day one.

Thank you for your time and consideration. I would welcome the opportunity to discuss how my hiring operations, stakeholder coordination, and process discipline can support your HR objectives.

Sincerely,

Koonapalli Maneesha
