Summary

Anti-Financial Crime (AFC) & Risk Analytics Specialist with 4+ years' experience in regulated banking and FinTech environments under EU AMLD6 and GwG frameworks. Experienced in Customer Risk Rating (CRR) application, financial crime trend analysis, and contribution to Annual Risk Assessments (ARA). Background across Fraud (APP/CNP), Transaction Monitoring, and KYC/CDD/EDD with structured risk-based methodologies. Strong in governance documentation, audit support, and cross-functional collaboration with consistent 98% SLA performance.

Core Skills

- **Risk Methodology & Analytics:** Annual Risk Analysis (ARA) data preparation & risk trend evaluation; Risk-Based Approach (RBA) implementation; Control effectiveness review.
- **Financial Crime Controls:** AML/CTF; APP/CNP Fraud; Sanctions & PEP risk assessment; KYC/CDD/EDD (SoF/SoW, UBO verification); Transaction Monitoring optimisation; Alert governance.
- **Governance & Stakeholder Engagement:** Regulatory compliance (EU AMLD6, GwG, BaFin expectations); Audit readiness & control documentation; Cross-functional collaboration; Risk reporting.

Experience

Revolut Ltd

September 2025 – Present

FinCrime Analyst (Mid-Level)

United Kingdom/Remote

- Application and validation of Customer Risk Rating (CRR) methodology under EU AMLD6 and GwG frameworks, ensuring consistent risk classification integrity.
- Analysis of fraud typologies (APP/CNP) and behavioural risk indicators contributing to CRR calibration and risk model enhancement inputs.
- Preparation of structured risk trend analysis and control effectiveness metrics for Annual Risk Analysis (ARA) and Compliance reporting.
- Transaction monitoring optimisation and enhanced high-risk assessments (PEP, sanctions, complex patterns), achieving 30% false-positive reduction with audit-ready documentation.
- Presentation of risk insights and trend summaries to Compliance stakeholders to support governance reporting and control refinement discussions.

HSBC – United Kingdom

August 2025 – September 2025

Payments Specialist – High-Value & International Payments

United Kingdom

- Processed £5M+ SEPA, SWIFT, CHAPS and Faster Payments under AML, sanctions and PSD2 controls.
- Conducted risk-based reviews of high-value and cross-border payments, escalating suspicious patterns to Financial Crime teams.
- Analysed payment flows to identify fraud typologies contributing to internal risk reporting and monitoring enhancement initiatives.
- Supported regulatory and audit documentation requests relating to high-risk transaction reviews

HSBC UK

November 2024 – August 2025

Financial Inclusion & Vulnerability Specialist

United Kingdom

- Conducted enhanced monitoring and applied risk-based controls for vulnerable and high-risk customer segments.
- Contributed to financial crime control testing and governance documentation supporting internal compliance reviews.
- Analysed behavioural indicators to improve customer risk classification accuracy.
- Reduced false positives by 30% through monitoring rule optimisation feedback.
- Participated in audit walkthroughs explaining operational control frameworks and risk mitigation processes.

HSBC UK

April 2024 – November 2024

Support Specialist – KYC / Digital Onboarding (CDD)

United Kingdom

- Performed KYC, CDD and EDD in line with GwG-aligned onboarding frameworks.
- Applied structured risk-based customer classification logic based on geography, occupation, transaction intent and SoF/SoW documentation.
- Contributed onboarding risk data to internal reporting dashboards used for periodic risk reviews.
- Reduced onboarding turnaround time by 35% via workflow optimisation.
- Maintained zero audit findings across onboarding QA reviews.

PepCoding India

November 2019 – November 2021

Junior Risk & Operations Analyst

India

- Supported development of internal risk and quality control tracking dashboards.
- Assisted in data structuring and behavioural pattern analysis across operational workflows.
- Contributed to early-stage fraud pattern detection logic for payment simulations within training modules.
- Assisted senior operations leads in preparing performance and risk trend summaries.
- Developed foundational skills in data-driven risk assessment and control testing.

Education

University of Leeds

2022 – 2023

MSc in Management

United Kingdom

Chitkara University

2018 – 2022

Bachelor of Engineering (Computer Science)

India
