Dear Hiring Manager,

I am writing to express my interest in Human Resources opportunities in Germany. With over 3 years of experience in recruitment, HR operations, and employee lifecycle management, I bring a proven ability to manage end-to-end hiring, streamline HR processes, and support organizational growth.

In my current role as an HR Recruiter at Game Theory, I manage the complete recruitment lifecycle including job postings, candidate sourcing, interviews, offer negotiation, and onboarding. On a monthly basis, I source and screen more than 50 candidates and oversee the onboarding of 5–7 new employees, ensuring a smooth transition into the organization. I also conduct exit interviews, handle PF compliance, and maintain accurate HR documentation, strengthening retention and compliance outcomes.

Previously, as an HR & Process Executive at Symmetric Technologies, I was responsible for HR operations for a workforce of 120 employees. I successfully managed recruitment, payroll processing, employee relations, induction programs, and statutory compliance (PF, ESI). I also generated HR documentation and coordinated across five departments, ensuring timely completion of HR activities. These roles have equipped me with hands-on experience in balancing employee engagement, compliance requirements, and organizational efficiency.

I hold an MBA in Human Resources from Shree Devi Institution of Technology, Mangalore, and a Bachelor's degree in Business Management from Field Marshal K. M. Cariappa College, Madikeri. This academic foundation, combined with practical HR expertise, has prepared me to contribute effectively to companies operating in Germany's highly structured and compliance-driven HR environment.

With expertise in recruitment, payroll administration, compliance management, employee relations, and HR documentation, I am confident in my ability to contribute to HR teams in Germany. I am particularly motivated to join organizations where I can apply my experience to enhance HR processes, improve employee experiences, and ensure adherence to local labor standards.

Thank you for considering my application. I would welcome the opportunity to further discuss how my skills and experience align with your organization's needs.

Sincerely,
Keerthiprasad H G
