## Summary

---

Marketing operations professional with 10+ years across digital campaign production, e-commerce content ops, and QA. Engineered SOPs, templates, and capacity planning that reduce rework and accelerate approvals across cross-functional pods. Comfortable with marketing automation concepts, A/B testing, Jira/Confluence workflows, and CMS/DAM governance. Recognized with delivery awards; ready to support privacy-first programs across EU/DACH.

## Core Skills

## Experience

---

### Epsilon

January 2016 – Present

*Manager, Digital Campaign Operations*

*Bangalore, India*

- Stabilized campaign production for global commerce pods, built SOPs/templates in Jira/Confluence, cut rework by 20% and raised on-time delivery to 97%.
- Orchestrated intake & weekly capacity planning, balanced urgent vs roadmap work using Kanban WIP, shortened cycle time by 15%.
- Standardized QA/UAT and style-guide checks, link/UTM hygiene, rendering validation, lifted first-pass quality and defect prevention.
- Coached 8–10 producers & designers on checklists & briefs, introduced Gen-AI assisted drafts, accelerated sample approvals and team throughput.

### Lucini & Lucini Communications Ltd.

July 2013 – December 2015

*Digital Marketing Manager*

*Location: Remote*

- Owned email calendars for SMB/enterprise clients, segmentation, A/B tests, QA workflows, improved CTR by 15% and kept schedule adherence at 98%.
- Engineered reusable HTML/CSS templates & landing pages, cross-client rendering checks, reduced build time and support tickets.
- Delivered weekly reports & insights, aligned next-step tests with account teams, scaled learnings into test backlogs across portfolios.

### MetricStream

September 2012 – March 2013

*Web Designer*

*Location: Remote*

- Produced web assets, HTML/CSS/JS component updates & image optimization, improved page performance and release readiness.
- Partnered with product marketing, content updates and microsite refreshes, ensured brand and accessibility alignment.
- Maintained change logs, lightweight QA and link checks, reduced regression issues during pushes.

## Independent

January 2012 – August 2012

### *Digital Marketing Consultant*

*Location: Remote*

- Assessed markets for SMBs, competitive scans, messaging maps, outreach plans, delivered actionable campaign recommendations for 10+ stakeholders.
- Set up simple reporting, spreadsheet trackers and cadence reviews, improved follow-through and test cadence.
- Coordinated vendor handoffs, briefing templates and asset checklists, minimized rework during production.

## Tata Consultancy Services

March 2009 – September 2011

### *Assistant System Engineer*

*Location: Remote*

- Contributed to front-end delivery, decomposed UI requirements into tasks in Agile sprints, improved predictability and cross-team handoffs.
- Implemented UI fixes, HTML/CSS updates, basic JS events, resolved backlog items and improved user experience.
- Supported documentation, release notes and checklists, lowered defects escaping to UAT.

## Education

---

### Visvesvaraya Technological University (VTU)

2004 – 2008

*B.E., Computer Science Engineering*

*India*

## Certifications & Awards

---

- Google Digital Marketing Certification — *Google*
- Magnitude Award; Bravo Awards — *Epsilon*

## Languages

---

- English – Full Professional Proficiency (C1)
- German – Elementary Working Proficiency (A2, learning)
