Professional Summary

Electrical engineering professional with 9+ years of experience delivering large-scale data centers up to 18MW IT load from concept to commissioning. Demonstrates deep capability in data center electrical design, power distribution systems, electrical infrastructure planning, and integration of critical systems (UPS, PDU, HVAC). Leads multi-phase projects from initial design through turnover while ensuring compliance with Tier-4 and Uptime Institute standards. Excels in project planning, stakeholder coordination, risk management, and maintaining delivery within defined scope, budget, and schedule.

Skills

Technical Expertise: Data Center Electrical Design, Power Distribution Systems, Electrical Infrastructure Planning, Critical Systems (UPS, PDU), Electrical Safety & Compliance, HVAC Systems	Project Management: Project Planning & Coordination, Team Leadership & Collaboration, Risk Management, Problem Solving, Project Execution & Delivery, Stakeholder Management
Domain Expertise: Data Center Construction & Operations, Industry Standards (TIA-942, Uptime Institute), Energy Efficiency & Sustainability, Data Center Design & Build, Electrical Engineering Best Practices	

Professional Experience

Deputy Manager - Electrical Department Blue Star Ltd. – Mumbai, India	07/2022 to Current
- Directed electrical execution for a 10MW (Phase I) data center project at CapitaLand Hyderabad, ensuring 100% compliance with design specifications and meeting all commissioning milestones. - Led delivery of an 18MW IT load Tier-4 ST Telemedia GDC data center project in Pune, managing complete fit-out works across civil, interior, and MEP scopes, achieving handover within 18 months. - Oversaw CxL1–CxL7 commissioning phases for Microsoft data center projects, including design review, FAT, QA/QC, IST, and turnover, ensuring adherence to Tier-4/Uptime Institute standards. - Managed project documentation, deliverable tracking, and performance metrics for teams of 25+ engineers and technicians, improving execution efficiency by ~15%. - Controlled budgets and conducted cost audits on projects valued at ₹200+ crore, preventing overruns and optimizing resource allocation. - Allocated work packages, scheduled manpower, and monitored task completion to maintain on-time delivery rates above 95%. - Coordinated with PMC, site engineers, field personnel, and vendors to streamline workflows and resolve technical issues within target SLAs.	

- Implemented practical solutions to on-site challenges, reducing potential delays and ensuring seamless project continuity.
- Assistant Project Manager

06/2021 to 07/2022
- Shree Electricals & Engineers – Mumbai, India

 - Managed planning, coordination, and execution of 5+ mid-to-large scale electrical projects, ensuring completion within set timelines and specifications.
 - Procured materials worth ₹3–5 crore annually, maintained inventory of 500+ electrical components, and processed billing to support project continuity.
 - Directed installation, testing, and commissioning of electrical systems, achieving 100% compliance with industry standards and client requirements.
 - Oversaw electrical infrastructure setup, including 1,000+ meters of cable trays, earthing strips, and structured cable laying for data center facilities.
 - Supervised installation of critical electrical equipment, including 10+ UPS units, bus trunking systems, and lightning protection systems.
 - Managed deployment of 20+ distribution boards, street light poles, and chiller systems for industrial and commercial projects.
 - Coordinated HVAC and cooling system integration for data center environments, maintaining optimal temperature and operational efficiency.
- Project Engineer

04/2019 to 06/2021
- SNP Projex Pvt Ltd. – Mumbai, India
- Site Engineer

03/2018 to 04/2019
- Sterling Electro Pvt Ltd. – Mumbai, India
- Site Engineer

11/2015 to 12/2017
- Detection Instrument Pvt Ltd. – Bharuch, Gujarat, India

Education		
Bachelor of Technology: Applied Electronic & Instrumentation		2015
Rajasthan Technical University - Rajasthan, India		

Languages	
English	German
Bilingual or Proficient (C2)	Beginner (A1)
