Dear Hiring Manager,

I am writing to express my interest in customer service roles within the aviation or travel support sector. With 8 years of progressive experience in customer-facing positions, I have developed a strong background in passenger service operations, baggage handling, issue resolution, and team leadership across both domestic and international environments.

Currently, I serve as a Customer Service Supervisor, where I lead a team of over 10 members to manage day-to-day passenger support services efficiently. My responsibilities include training staff, monitoring service metrics, and resolving escalated customer concerns. My approach has contributed to improvements in operational compliance and a measurable reduction in incident reports.

My previous roles in Kuwait and India have equipped me with expertise in baggage reconciliation using tools like SITA World Tracer, complaint handling, and cross-functional coordination. I have consistently maintained high customer satisfaction by ensuring real-time resolution of passenger concerns and upholding service quality standards.

In addition to my technical and process knowledge, I bring strong communication, adaptability, and multitasking skills essential in high-pressure, fast-paced airport operations. I am also proficient in Microsoft Office tools and experienced in service documentation and reporting.

I am enthusiastic about the opportunity to bring my skills and experience to a globally focused team where I can continue to contribute to service excellence and operational success. Thank you for considering my application.

Sincerely,

Vinoth Edward
