Summary

Lead Data Analyst with 17+ years across Health & Welfare, Defined Benefits/Defined Contribution, and Core Banking. Delivers customer remediation, audit checks, exploratory data analysis (EDA), and data governance using SAS (Base/Advanced/Macros/EG) and SQL on DB2 and mainframe (z/OS). Builds executive dashboards in Power BI/Tableau and drives Agile delivery, stakeholder alignment, and audit-compliant reporting. Experienced in third-party interfaces, ETL oversight, and batch scheduling with Control-M. Completed Basic Generative AI and Color Analysis to strengthen analytical creativity and visualization.

Core Skills

- | | | |
|---|---|---|
| • Analytics & Data: SAS (Base/Advanced/Macros/EG), SQL, EDA, diagnostic analysis, KPI design, ODS, DB2 | • Engineering & Ops: Mainframe (z/OS), JCL, third-party interfaces (EFT/raw feeds), Control-M scheduling | • Domains: Health & Welfare, DB/DC retirement benefits, Core Banking, customer remediation |
| • BI & Reporting: Power BI, Tableau, management packs, executive dashboards | • Delivery & Governance: Agile/Scrum, data governance, data quality, root-cause analysis, risk controls, documentation | • Soft: Project management, stakeholder engagement, communication, leadership, mentoring, adaptability |

Experience

Wells Fargo

July 2022 – Present

Lead Analytic Consultant

Chennai, India (Hybrid)

- Lead remediation analytics to uphold policy and CX, prioritize fixes across portfolios under audit-ready controls.
- Engineer SAS/SQL pipelines on enterprise datasets and publish BI views, standardize quality checks to reduce over-remediation and exposure.
- Build diagnostic dashboards to trace root causes, translate findings into timely actions for Operations and Compliance.
- Drive Agile cadence across Fraud Claims, Operations, and Compliance, align stakeholders and delivery milestones.

Wipro

September 2008 – June 2022

Senior Service Manager

Chennai, India

- Delivered end-to-end analytics in HR Data Analysis, Healthcare, Banking, and automation - requirements, technical design, development, testing, and production migration.
- Designed third-party interfaces: created EFT outputs and parsers for RAW inbound feeds, loaded to DB2 on mainframe using SAS (Base/Macro/SQL/ODS) with JCL procs, validated via SQL.
- Built SAS macro libraries to automate reporting and uplift throughput, strengthened audit checks and data quality.
- Scheduled recurring batches in Control-M, executed burn-in verification post-deployment and supported production stability.
- Conducted unit/integration testing with documented test plans, performed defect research and implemented fixes.
- Mentored new team members and facilitated training for batch teams, led RCA meetings and tuned batch jobs for performance.

Project Annexure (Wipro)

Caesars - Oracle HRIS (Mainframe) - SAS/SQL, DB2, JCL, Control-M	4 months
• Partnered daily with Oracle to align integrations and location-based HR loads, including retiree population. • Built Mainframe SAS transactions to load Oracle HR data into internal systems, executed unit and integration testing with formal reviews. • Migrated to production with burn-in checks and scheduled recurring jobs in Control-M. • Delivered related eligibility/payroll interfaces: Best Doctor, Medical Eligibility, Annual Enrollment, HSA/FSA, Payroll, Employment Status, Basic Life/AD&D/Spouse/Dependent/Accidental, Dependent Audit, Death Life, Securian Eligibility.	

Certifications & Courses

• Base SAS Certification (2017) - SAS	• Certified Power BI
• Advanced SAS Certified Programmer (2017) - SAS	• Basic Generative AI - foundation for analytics
• Certified Scrum Master - Scrum Alliance	• Color Analysis - visual analytics & data visualization

Education

OP Jindal Global Business School	2025
Master of Business and Law	India
Annai Teresa College of Engineering	2004 – 2007
B.E., Electronics and Communication Engineering	India
