Work Experience

- Assistant Professor in Anatomy** 01/2024 to Current
R.A. Podar Government Medical (Ayu) College – Mumbai, India
- Taught anatomy from both modern and Ayurvedic perspectives to over 100 undergraduate students annually.
 - Conducted human cadaver dissections in weekly practical sessions, reinforcing applied anatomical learning.
 - Designed and delivered over 40 structured lectures per academic term on Rachana Sharir, blending classical Ayurvedic theory with modern anatomical science.
 - Guided students in understanding the clinical relevance of anatomical structures in Ayurveda through case-based discussions and applied examples.
- Senior Executive Project (Clinical Research Associate)** 07/2023 to 01/2024
Vedic Life Science – India
- Coordinated clinical trial operations across 2–3 study sites, ensuring adherence to study protocols and ICH-GCP guidelines.
 - Monitored 100+ subject visits and ensured timely documentation in case report forms and regulatory binders.
 - Reported and tracked 10+ adverse events in collaboration with site investigators and pharmacovigilance teams.
 - Reviewed clinical data for accuracy and completeness, contributing to monthly project status reports.
 - Supported ethics committee submissions and site initiation processes for new protocols.
 - Maintained consistent communication with investigators and project stakeholders to ensure on-time milestone delivery.
- Principal Investigator in Clinical Trials** 11/2022 to 06/2023
Vedic Life Science – India
- Led and supervised the execution of clinical trials, ensuring strict adherence to protocol and ethical guidelines.
 - Oversaw subject recruitment, screening, and enrollment processes, managing 20+ participants across trial phases.
 - Conducted Panchakarma-based interventions and Ayurvedic treatment protocols as part of trial methodologies.
 - Monitored patient progress, documented treatment outcomes, and ensured accurate data collection aligned with study timelines.
 - Collaborated with ethics committees and regulatory bodies for study approvals and compliance documentation.
 - Prepared clinical documentation and contributed to pharmacovigilance activities, including adverse event tracking and reporting.
 - Ensured quality control of Ayurvedic formulations used in trials, including in-house preparation of oils and ghris.
 - Delivered nutritional advice, designed disease-specific diet plans, and integrated holistic treatment elements such as yoga and spiritual practices where applicable.
- Assistant Medical Officer(in COVID-19)** 05/2020 to 06/2022
BMC-Municipal Corporation – India
- Administered Ayurvedic treatments and immunity-boosting protocols to COVID-19 patients as part of frontline care initiatives.
 - Monitored patient vitals, documented treatment responses, and supported recovery planning in COVID-19 care centers.
 - Coordinated isolation ward operations, ensuring availability of Ayurvedic medicines and timely therapy delivery.
 - Applied Panchakarma therapies and nutritional recommendations to support respiratory health and immunity.
 - Maintained daily patient logs and collaborated with public health authorities for reporting and follow-up care.
- Clinic Head** 01/2020 to 03/2020
Vedicure Ayurvedic clinic
- Managed daily clinical operations and supervised treatment delivery for approximately 15–20 patients per day.
 - Administered 10+ types of Panchakarma therapies, including Basti, Nasya, Vaman, Virechan, Snehana, Swedan, and Leech therapy.
 - Treated a broad patient base for conditions such as obesity, thyroid disorders, PCOD, diabetes, hypertension, osteoarthritis, and IBS.
 - Provided tailored nutrition counseling and created over 100 individualized diet plans during tenure.

- Formulated Ayurvedic oils, ghris, and cosmetic products for therapeutic use on a weekly basis. - Delivered antenatal care to expecting mothers, integrating yoga practices and pranic healing for holistic well-being. - Maintained accurate patient records and ensured adherence to hygiene standards and clinical documentation protocols.	02/2019 to 09/2019
