Dear Hiring Manager,

I am writing to express my interest in contributing to your institution in Germany in the areas of Ayurvedic medicine, clinical research, or medical education. With over seven years of experience spanning academic teaching, Panchakarma practice, and research leadership, I offer a well-rounded profile grounded in both traditional Ayurvedic and modern scientific methodologies.

Currently, I serve as an Assistant Professor in Anatomy at R.A. Podar Government Ayurvedic College, Mumbai, where I integrate classical Ayurvedic concepts with modern anatomical science. My previous roles include Clinical Research Associate and Principal Investigator for Ayurvedic clinical trials, as well as Clinic Head and Medical Officer during the COVID-19 response under the Mumbai Municipal Corporation.

I hold a BAMS and MD in Ayurveda from R.A. Podar Medical College and a Postgraduate Diploma in Clinical Research from ICRI. I've authored peer-reviewed articles and co-authored two books *Cosmic Dermatology* and *Gokshur in CKD* reflecting my dedication to evidence-based Ayurveda. I am also experienced in Ayurvedic formulation, maternal and preventive care, and digital tools including MS Office and Google Suite.

I am eager to bring my clinical insight, academic rigor, and research experience to a forward-thinking organization in Germany. Thank you for considering my application.

Warm regards,
Dr. Kumta M. Mali
