Summary

Accomplished Data Quality & Governance Manager with 16 years of experience driving actionable insights across Health & Welfare, Defined Benefits, Defined Contribution, and Core Banking domains. Specialist in audit checks, exploratory data analysis, and data governance with proven ability to optimize processes, ensure compliance, and deliver high-impact reporting. Hands-on with SAS, SQL, and Python for large-scale data processing and complex analytics, using Tableau and Power BI for DQ reporting. Strong in stakeholder engagement, leadership, and cross-domain collaboration, adept at delivering audit-ready, governed analytics aligned with EU standards.

Core Skills

- **Data Quality & Controls:** DQ rules, thresholds, profiling, lineage, metadata, issue management, exploratory data analysis
- **Tech Stack:** SAS (Base, Macro, EG), SQL (DB2), Python (automation), Tableau, Power BI
- **Leadership:** Cross-functional collaboration, stakeholder engagement, vendor coordination, teamwork, training, SOPs
- **Process Optimization:** ETL quality gates, reconciliations, access controls, code reviews, evidence retention
- **Governance & Risk:** Policies, procedures, audit readiness (SOX/ISO), remediation playbooks, change control
- **Domain Expertise:** Health and Welfare, Defined Benefits, Defined Contribution, Core Banking, HRIS

Experience

Wells Fargo

Jul 2022 – Present

Senior Assistant Vice President

India

- Lead data analytics and quality controls for lending remediation, align lineage, evidence, and governance to regulatory needs.
- Automate SAS/SQL checks with DQ dashboards in Tableau/Power BI, improved audit traceability, and executive reporting speed.
- Conduct exploratory data analysis to validate population coverage, reduce false positives, and raise audit confidence.
- Partner with risk, audit, and legal on remediation and evidence closure, enabling faster sign-offs across 50+ audit reviews.
- Mentor analysts on domain-driven DQ validation and EDA, improve analytical maturity and consistency across teams.

Wipro

Jun 2021 – Jul 2022

Lead Programmer Analyst / Project Team Lead

India

- Designed and governed HRIS and Health & Welfare ETL pipelines from raw sources to DB2, ensured data integrity across EU and US client systems.
- Built reusable SAS macro templates with embedded validations, improved audit readiness, and consistency across 10+ feeds.
- Led domain-driven analytics for Benefits, Payroll, and Retirement datasets, boosted compliance visibility and controls.
- Implemented change-control, reconciliation, and error tracking, reduced incident recovery time by 35% across pipelines.
- Served as Project Team Lead for a 4-member team, coaching programmers on peer reviews and metadata standards and acting as primary contact for clients and key stakeholders.

*Programmer Advanced Analyst**India*

- Delivered analytics for Health & Welfare, Defined Benefits, and Defined Contribution portfolios using SAS/SQL data models.
- Introduced exploratory DQ profiling and audit playbooks as Project Team Lead for a 4-member team, coordinating directly with client stakeholders on requirements, issues, and sign-offs.
- Developed metadata frameworks and SOPs for recurring datasets, standardized processing across multi-country operations.
- Ran large-scale reconciliations and issue tracking, accelerated closure cycles, and ensured zero-miss compliance outcomes.
- Supported migration from legacy HRIS to governed analytics, improved transparency, and documentation for audits.

Education

Liverpool John Moores University**May 2021 – May 2022***MSc, Data Science**United Kingdom (Remote)***IIIT Bangalore****May 2020 – May 2021***PG Diploma, Data Science**India***Dr. M.G.R Educational & Research Institution, Chennai****May 2004 – May 2008***B.Tech, Computer Science & Engineering**India*

Certifications

- SAS Certified Base Programmer - SAS Institute (2014–Present)
- Basic Generative AI - Foundation in modern AI tools and approaches for analytics
- Color Analysis - Techniques for visual analytics and enhanced data visualization
- IELTS Band 6.5 - British Council

Languages

- English – Professional Working Proficiency (C1)
- German – Elementary Working Proficiency (A2, learning)
