Summary

Provider Data Management professional with 2+ years maintaining provider directories and profile accuracy for healthcare networks. Ensures validated, normalized records, dependable updates and clear audit trails in SLA-driven queues. Coordinates via tickets and email, resolves duplicates, and upholds privacy expectations for EU-ready operations and payer/provider stakeholders.

Core Skills

- **Provider Data:** Directory upkeep, profile updates, field normalization, duplicate resolution, issue triage
- **Productivity:** MS Word, Excel trackers, Google Sheets logs, time and workload management
- **Data Quality:** Accuracy checks, validations, audit logs, documentation
- **Healthcare Context:** Payer/provider basics, enrollment coordination, claims data touchpoints
- **Operations:** SLA queues, stakeholder communication

Experience

Cognizant Technology Solutions

September 2023 – October 2025

Provider Data Management Associate

Remote

- Maintain accurate provider profiles so directories and claims routes remain reliable for network users.
- Validate incoming requests, normalize key fields, log changes with clear, searchable audit notes.
- Increased update throughput by about 15% and lowered rework by about 20% against team baseline.
- Worked in SLA-driven queues with a team of about 6–10 across payer/provider stakeholders.
