Dear Hiring Manager,

I am writing to express my interest in opportunities within Provider Data Management and healthcare operations at your organization. With over two years of experience in maintaining provider directories and ensuring data accuracy for healthcare networks, I bring strong attention to detail, process discipline, and a commitment to quality in SLA-driven environments.

In my role as a Provider Data Management Associate at Cognizant Technology Solutions, I have been responsible for maintaining accurate and up-to-date provider profiles to ensure reliable directory information and smooth claims processing. My work involves validating incoming requests, normalizing data fields, resolving duplicates, and maintaining clear audit trails. Through continuous process improvements, I contributed to increasing update throughput by approximately 15% and reducing rework by 20%, supporting overall operational efficiency.

I am experienced in working within structured SLA queues, collaborating with internal teams and external stakeholders through ticketing systems and email communication. My ability to manage workloads effectively while maintaining high data quality standards has enabled me to consistently meet performance expectations. Additionally, I have hands-on experience with MS Excel, Google Sheets, and documentation practices that support accurate reporting and traceability.

With a foundational understanding of payer-provider workflows and healthcare data processes, I am keen to further develop my career in a global environment. As a Chancenkarte visa holder with basic German language skills (A1–A2) and a strong willingness to learn, I am motivated to contribute effectively in Germany's healthcare and data management sector.

I would welcome the opportunity to discuss how my skills and experience align with your requirements. Thank you for your time and consideration.

Sincerely,
Sathishkumar B
