Summary

SAP MDG specialist with 8+ years in MDG and 4+ years in ABAP and Web Dynpro. Designs and enhances MDG for MM, BP, FI and EAM. Skilled in data modeling, workflow, BRF plus, DRF, CBA and FPM UI with ABAP enhancements. Delivers audit ready master data, stable change request throughput and quality gates for S/4HANA programs.

Core Skills

- **MDG Core:** data model design, change request governance, workflow configuration, BRF plus validations and derivations
- **ABAP:** OOABAP, BADIs, user exits, implicit enhancements, performance tuning, debugging
- **UI:** Web Dynpro FPM, feeder classes, custom UIBBs, context based adaptation, field properties
- **Domains:** EAM and AIW, material master, business partner, finance master data
- **Quality:** ATC and extended checks, SAP Notes, technical design documents, training and knowledge transfer
- **Integration:** DRF, ALE and IDoc, SOA services, API based replication, search customization

Experience

Utopia Global, Prometheus Group

January 2020 – Present

SAP MDG Technical Lead

Bengaluru, India

- Improve master data governance; design models, BRF plus rules and workflows; lift first pass acceptance and cut rework.
- Stabilize data replication; configure DRF and SOA for MM, BP and FI; raise availability across target systems.
- Enhance MDG and AIW performance; tune feeder classes and UIs; reduce response time and user wait.
- Enable scale and quality; deliver training and standards; reduce post go live tickets and ramp up time.

The Printers Mysore Ltd

April 2013 – January 2020

SAP Consultant

Bengaluru, India

- Support S/4HANA readiness; migrate custom code with ATC and extended checks; remove obsolete objects.
- Secure interfaces; configure IDoc partner profiles and monitor queues; restore jobs after upgrades.
- Extend core logic; implement BADIs and implicit enhancements; document new BADI definitions and classes.
- Transfer knowledge; deliver KT sessions and runbooks; improve handover quality and reduce backlog.

Projects

- City of San Diego upgrade; EAM 9.2 and MDG MM 9.0 uplift with custom UI fixes; Duration: May 2020 – July 2020;
- VF Corporation enhancements; MDG BP with BADIs and feeder classes and TDDs; Duration: August 2020 – October 2020;
- Energy Queensland and Westlake; data model and UIBB work plus BRF plus and DRF; Duration: October 2020 – March 2022;
- YW, SIDF and Tasnee; BADIs, field control and complex workflows with email and replication; Duration: April 2022 – July 2025;
