Dear Hiring Manager,

I am writing to express my interest in a sales and marketing position with your organization in Germany. With 7 years of progressive experience in channel sales, dealer management, and market expansion within the building materials industry, I bring a strong track record of driving measurable business growth and building long-term partnerships across diverse markets.

In my current role as Territory Sales Manager at Prince Pipe & Fitting Ltd., I manage a network of over 40 distributors and maintain product availability across Upper North Punjab at above 95%. I have established direct relationships with more than 60 contractors, builders, plumbers, and architects, increasing market penetration by 20%. By executing targeted promotional campaigns, conducting builder and plumber meets, and streamlining supply chain coordination, I have consistently delivered sales growth while improving operational efficiency.

Previously, as a Senior Sales Executive at NITCO Limited, I expanded the dealer base across Jalandhar and surrounding districts, securing repeat business worth ₹2–3 Cr annually from project tie-ups with contractors. I also drove secondary sales growth by 15% through structured market engagement programs and competitive intelligence. Earlier, at HSIL Limited, I oversaw 30+ retail outlets in North Delhi, implementing promotional strategies that consistently achieved sales targets and improved stock turnover ratios by 10%.

My academic foundation includes a Bachelor of Science in Physics, Chemistry, and Mathematics from DAV College under Punjab University, complemented by a Master Diploma in Information Technology and System Management. These have strengthened my analytical thinking and equipped me with practical skills in MS Office and digital research, enabling data-driven decision-making in sales strategy.

Beyond my professional background, I hold an NCC “A” Certificate and a Red Cross Training Certificate, reflecting discipline, collaboration, and commitment to continuous learning—qualities I bring into every professional engagement.

I am excited by the opportunity to contribute to a dynamic organization in Germany, leveraging my expertise in sales operations, channel development, and customer relationship management to support growth in a competitive market. I am confident that my background in building material sales and my ability to adapt quickly to new markets will allow me to deliver value to your team from day one.

Thank you for considering my application. I would welcome the opportunity to discuss how my skills and experience align with your organization's goals.

Sincerely,
Rajan Kumar
