- **Process:** SOPs, runbooks, escalation

Experience

Tata Consultancy Services

April 2024 – October 2025

Senior Analyst, Service Operations

Chennai, India

- Led P1/P2 incident bridges to restore services within SLAs; aligned L1/L2 responders and SMEs end-to-end.
- Standardized escalation paths and comms templates; logged timelines and decisions for audit readiness.
- Built incident performance dashboards in ServiceNow/Excel; surfaced patterns to open RCA/problem tickets.
- Coordinated SCCM emergency deployments with rollback plans to reduce impact during critical updates.

Ramboll India Pvt Ltd

December 2022 – April 2024

Analyst, Service Operations

Chennai, India

- Reviewed incident lifecycle hygiene; enforced closure criteria to raise first-time-right outcomes.
- Facilitated major-incident actions with owners and ETAs; accelerated recovery and reduced decision latency.
- Delivered trend reports and KPI packs on volumes, MTTR, and repeats; guided CSI improvements.
- Authored SOPs and runbooks; improved onboarding speed and standardized resolver workflows.

Tata Consultancy Services

February 2020 – December 2022

Analyst, IT Operations

Chennai, India

- Executed SCCM application and patch deployments; tracked compliance to minimize user disruption.
- Monitored device health and inventory; produced compliance reports for planning and remediation.
- Drove ticket closure quality with accurate narratives and handoffs across incident lifecycle stages.
- Collaborated with AD/Azure teams on identity and device checks during high-severity incidents.
