Work History

EUC Engineer (SCCM / Intune)

05/2023 to Current

Glidewell Software Services Pvt Ltd. – Karnataka, India

- Resolved over 100+ hardware, software, and network-related incidents through in-depth troubleshooting.
- Managed service requests and incident workflows using ServiceNow, BMC, and ManageEngine platforms.
- Migrated 1,000+ endpoints from Windows 10 to Windows 11 as part of OS upgrade projects.
- Delivered end-user training and technical support across Windows, macOS, and mobile platforms.
- Authored and maintained SOPs, policies, SLAs, and technical documents for internal and external audits.
- Automated routine tasks using PowerShell scripting in both SCCM and Intune environments.
- Enforced compliance policies, conditional access rules, and security baselines using Microsoft Intune.
- Administered application deployments and updates via Intune and SCCM for 500+ managed devices.
- Configured and supported Windows Hello for Business for secure user authentication.
- Managed macOS devices using Intune and third-party tools such as JAMF and Kandji.
- Administered Active Directory (AD) user accounts and applied Group Policies for access control.
- Built and deployed custom OS task sequences and application packages for enterprise rollouts.
- Coordinated with infrastructure, security, and compliance teams to improve workstation support operations.

Senior Consultant

09/2019 to 05/2023

Capgemini Technology Services India Limited – Mumbai, India

- Led SCCM infrastructure engineering for over 10,000+ Windows endpoints, including WKS, VDI, and server environments.
- Conducted vulnerability assessments using Nexpose and Nessus, and remediated identified VA points across critical workstations and servers.
- Executed monthly patch cycles across Windows Workstations, VDIs, and Server infrastructure, ensuring compliance and minimal downtime.
- Developed and deployed custom Task Sequences for Windows client OS provisioning and standardization.

System Administrator (TCS Internal EUC Team)

07/2015 to 09/2019

Tata Consultancy Services Limited – Mumbai, India

- Delivered 2nd and 3rd level EUC support for approximately 8,000–10,000 internal users, handling escalated issues across workstations, applications, and user access systems.

Technical Support Engineer

07/2014 to 07/2015

Impact InfoTech Pvt. Ltd – Mumbai, India

- Provided first-line technical support for approximately 300–500 VIP users at TATA AIA Life Insurance, resolving hardware, software, and peripheral issues with minimal escalation.

Customer Support Engineer

08/2012 to 07/2014

Allied Digital Services Ltd – Mumbai, India

- Provided first-level technical support for approximately 80–120 users, addressing daily hardware, application, and printer-related issues in a desktop support environment.
