Professional Summary

Detail-oriented Production Engineer with hands-on experience in managing manufacturing operations, minimizing downtime, and enforcing quality and safety compliance. Proven track record of enhancing production flow, reducing operational delays, and leading teams to exceed performance targets.

Skills

- Production Operations & Troubleshooting
- SolidWorks, AutoCAD
- Problem Solving & Critical Thinking
- Process Improvement
- Communication & Team Leadership

Work Experience

Engineer - Production 10/2024 to Current

Featherlite Products Pvt, Ltd. – Bengaluru

- Directed full-cycle production operations, ensuring 100% adherence to quality and timeline benchmarks.
- Diagnosed and resolved over 25 complex technical issues, reducing process downtime by 30%.
- Initiated and led 3 process optimization projects that increased production efficiency by 20%.
- Supervised and trained a 15-member team, improving performance and reducing error rate by 18%

Junior Engineer-Production 08/2021 to 09/2024

Featherlite Products Pvt, Ltd. – Bengaluru

- Managed daily operations to meet production schedules, achieving a 95% on-time delivery rate.
- Identified line inefficiencies and proposed actionable solutions, reducing bottlenecks by 25%.
- Allocated tasks and evaluated a team of 10 operators, increasing team productivity by 20%.

Education

Bachelor of Technology: Mechanical Engineering 01/2021

Presidency University - Bengaluru

Diploma: Mechanical Engineering 01/2018

Nitte Meenakshi Institute Of Technology - Bengaluru

Project

Titanium Forging for LCA Applications | Jan 2021 – Apr 2021

- Contributed to the development of Operating Horn-1/B Elevon for LCA at HAL Foundry using titanium alloy forging.

Four-Way Hacksaw Machine using SYM | Jan 2017 – Apr 2017

- Designed and fabricated a four-way hacksaw machine using Scotch Yoke Mechanism, improving cutting efficiency.
