Dear Hiring Manager,

I am writing to express my interest in **Contract Management, Procurement, or Supply Chain** roles within your organization. With hands-on experience across contract lifecycle management, logistics operations, and procurement processes, along with strong German language proficiency, I bring a well-rounded skill set to support global business operations.

In my current role as a **Contract Manager at Lebara Media Services**, I manage the end-to-end partner data lifecycle, ensuring data accuracy, contract compliance, and seamless execution of agreement updates. I collaborate closely with sales and legal teams to support contract execution, onboarding, and commission agreements, while proactively tracking contract renewals to maintain continuity. My efforts in standardizing workflows have improved data accuracy and reduced processing delays.

Previously, I worked with **Maersk as a German-speaking specialist**, where I handled shipment dispute resolution, customs coordination, and logistics documentation. I leveraged tools such as Salesforce and GCSS to analyze shipment histories, identify root causes, and improve turnaround time in resolving customer issues. This role strengthened my ability to manage cross-border logistics operations and stakeholder communication in a fast-paced environment.

At **Springer Nature**, I contributed to **procurement operations** by managing supplier lifecycle processes using Ariba SLP, handling purchase orders, and supporting sourcing strategies. I also gained experience in vendor coordination, pricing analysis, and escalation handling, ensuring timely procurement and delivery of goods and services.

I am particularly known for my attention to detail, structured approach to contract governance, and ability to collaborate across functions to drive efficient workflows. My proficiency in **SAP, Ariba, and contract management systems**, combined with my **B2-level German language** skills, allows me to effectively support international teams and operations.

I am especially interested in opportunities in Germany due to its strong focus on structured contract management, advanced supply chain systems, and global business environment. I am open to relocation and eager to contribute my skills in contract operations, procurement, and stakeholder coordination to a dynamic organization.

Thank you for your time and consideration. I would welcome the opportunity to discuss how my experience aligns with your organization's needs.

Sincerely,

Abhishek Mohite
