Summary

Data Analyst with 2 years of experience in data operations, reporting, and business intelligence within enterprise environments. Strong expertise in SQL, Power BI, and Excel for data analysis and visualization. Experienced in transforming raw data into actionable insights, supporting decision-making, and improving reporting efficiency. Background in ETL monitoring and data validation ensures high data accuracy and reliability. Familiar with Agile delivery models and cross-functional collaboration.

Core Skills

- **Data Analysis & BI:** SQL, Data Analysis, Data Validation, Data Reconciliation, Reporting, Dashboard Development, Power BI, Excel (Advanced formulas, data analysis)
- **Data Engineering & ETL:** Oracle Data Integrator, ETL Processes, Data Pipelines, Data Quality, Data Monitoring
- **Databases & Querying:** Oracle SQL (Advanced SQL, Joins, Subqueries, Query Optimization)
- **Tools & Platforms:** JIRA, JIRA Service Desk, Jira Project Management, Microsoft Azure Fundamentals
- **Methods & Frameworks:** Agile, Scrum, Kanban, ITIL, Agile Product Management
- **Programming, Business & Professional Skills:** Core Java, SOA (Service-Oriented Architecture), Product Management, Stakeholder Communication, Cross-functional Collaboration, Problem Solving, Analytical Skills, Communication Skills, Continuous Learning

Experience

Tech Mahindra Ltd

December 2021 – December 2023

Data Analyst

Hyderabad, India

- Monitored Oracle Data Integrator (ODI) production environments to ensure stable ETL operations and minimize data pipeline disruptions.
- Investigated and resolved ETL job failures and production incidents within SLA timelines using structured root cause analysis and troubleshooting techniques, achieving 95% SLA adherence for assigned tickets.
- Developed and optimized Oracle SQL queries with joins, subqueries, and aggregations to support data extraction, validation, and reporting requirements.
- Performed data validation and reconciliation across business datasets to ensure accuracy and consistency of reporting outputs.
- Designed and maintained Power BI dashboards to visualize operational and analytical metrics for stakeholders and improve decision-making, reducing manual reporting effort by 25%.
- Managed incident, service request, and change workflows using JIRA Service Desk in alignment with ITIL-based processes.

Education

Vasireddy Venkatadri Institute of Technology

2016 – 2020

Bachelor of Technology (B.Tech) in Electrical and Electronics Engineering

Andhra Pradesh, India

Certifications

- Microsoft Power BI Masterclass (Basic to Advanced) – Nurture Tech Academy (September 2021)
- Cloud Foundations – Great Learning (February 2022)
- Cloud Foundations - Advanced – Great Learning (March 2022)
- Microsoft AZ-900: Azure Fundamentals (June 2022)
- SQL Basics Certification – Career Ninja (February 2024)
- Data Analytics Essentials – Cisco (March 2024)
- Jira Fundamentals Certification – Atlassian (March 2024)
- Product Management – Great Learning (January 2026)
- Agile Product Management – Great Learning (January 2026)
- JIRA Project Management – Great Learning (January 2026)
