## Summary

---

Network Planning and Build professional with 9+ years of experience in telecom Ethernet infrastructure design, delivery management, and large-scale network operations within BT Openreach environments. Expertise in end-to-end Ethernet planning, FTTP deployment, QoS compliance, and SLA-driven delivery. Proven experience leading large offshore and onsite teams delivering high-volume network builds. Strong background in process optimization, automation initiatives, and quality governance across telecom delivery pipelines. Skilled in stakeholder coordination, RCA analysis, and service assurance for enterprise telecom networks.

## Core Skills

---

- **Telecom Network Planning & Design:** Geo Hub, PIPeR, Orion, NGWFMT, LLUMS, COSMOSS, ORWFMT, SRIMS, RPACS, INS
- **Network Operations Tools & Systems:** SOCS, BerT, Genesys, Auto Load, ECO, Job Pack Building
- **Service Delivery & Infrastructure:** FTTP, DSLAM, Ethernet Planning, Wayleave Management, Field Survey Coordination
- **Network Build & Assurance:** Network Build Execution, SLA Management, QoS Compliance, Ethernet End-to-End Delivery
- **Leadership & Team Management:** Team Management (Up to 80 Members Offshore), Stakeholder Management, Client Coordination (BT Openreach - UK)
- **Process & Methodologies:** Agile, Waterfall, DevOps, Telecom Domain Operations
- **Automation & Optimization:** Process Automation, Desktop Survey Optimization, MTTP Reduction, Cost-effective Solution Design
- **Business & Analytical Skills:** Business Development Support, Decision Support, Operational Efficiency, Cross-functional Coordination

## Experience

---

**Tata Consultancy Services Ltd (Client: BT Openreach)**

**January 2017 – Present**

*Network Plan and Build Engineer*

*Hyderabad, India*

- Led Ethernet network planning and build operations for BT Openreach, ensuring end-to-end service delivery within SLA of 3–4 days for customer orders.
- Designed and validated Ethernet network models using PIPeR and Orion tools, ensuring compliance with QoS standards and telecom design principles.
- Managed large-scale team operations (up to 50 members across offshore delivery units), coordinating workload distribution, performance, and delivery governance.
- Improved MTTP and delivery efficiency by implementing desktop survey and automation-driven workflow enhancements across network planning processes.
- Ensured proactive Wayleave identification and acquisition, reducing project delays and improving first-time-right delivery quality.
- Performed RCA and quality governance with external assurance teams, resolving design and system issues to ensure error-free network deployment.

## Education

---

**GMR Institute of Technology**

**August 2012 – May 2016**

*Bachelor of Technology in Electrical Engineering*

*Srikakulam, India*

## Achievements

---

- **BT Openreach Client Recognition** – Received appreciation award from client CEO for consistent delivery excellence in Ethernet network planning and operations.
- **Leadership Excellence Award** – Recognized with Star Team Award for leading teams of up to 80 members using a flexible staffing delivery model.
- **Employee of the Year (2019–2020)** – Awarded Employee of the Year for two consecutive years for outstanding performance in Ethernet Planning operations.
- **Monthly and Quarterly Excellence Awards** – Received multiple Star of the Month and Star of the Quarter awards for consistent high-quality delivery and operational excellence.
- **Operational Performance Contribution** – Contributed to achieving production and delivery targets through participation in incentive programs and performance improvement initiatives.
- **Customer Service Impact (KCI Delivery)** – Recognized for supporting Openreach customer service improvements by ensuring timely delivery within Key Customer Indicators (KCI).

## Certifications

---

- Foundation of Networking Fundamentals
- Agile Way of Thinking and Working Foundation
- Design Thinking Prerequisite for G&T
- Understanding and Implementing Design Thinking Curriculum

## Languages

---

- English – Full Professional Proficiency (C1)
- German – Intermediate Proficiency (B1)
