Summary

Senior RPA Developer with 6+ years of experience in automation delivery, specializing in UiPath (Studio, Orchestrator, Maestro, Agent Builder, Autopilot, Robots, AI Units). Skilled in agentic automation concepts, BPMN process modeling, and full lifecycle management of automation solutions. Strong background in project management, stakeholder collaboration, and digitaltransformation initiatives. Experience in leading discovery workshops, mentoring teams, and aligning automation governance.

Core Skills

- **Programming & Scripting:** C#, VB.NET, LINQ, Regex, • **Automation Tools:** UiPath, Automation Anywhere, Power Excel/PDF automation, SQL, Python Automate, n8n
- **Integrations & Systems:** REST/SOAP APIs, Postman, • **Cloud & AI:** Azure, AWS, Agentic AI, LLM, Integration web & desktop automation, SAP/ERP workflows, Document (Open AI), CI/CD pipelines Understanding (DU)
- **Methodologies & Governance:** Agile/Scrum, Kanban, • **Leadership & Stakeholder Management:** Discovery workshops, SME coordination, backlog refinement, team SDLC, PDD/SDD documentation, change requests, code mentoring, hypercare & RCA reviews, reusable component design

Experience

Innova Solutions	September 2024 – Present
<i>Senior Software Engineer – RPA</i>	<i>Remote, India</i>
• Partnered with business stakeholders to identify and structure automation opportunities, producing AS-IS and TO-BE process models aligned with BPMN standards. • Designed and implemented UiPath workflows and agentic components, ensuring compliance with governance standards. • Oversaw full automation lifecycle (intake, design, build, deployment, hypercare, optimization, retirement). • Mentored and coached 50+ engineers through code reviews and Agile practices; recognized as Innova Champion for driving excellence and collaboration.	
O2F Info Solutions (Contract)	February 2024 – August 2024
<i>Senior RPA Consultant</i>	<i>Mysore, India</i>
• Delivered SLA-critical workflows with parallel bot runs and predictable throughput. • Implemented monitoring and queue hygiene to reduce incidents. • Improved SLA adherence by 30% and optimized release cycles. • Planned and executed unit, non-regression, and UAT tests, reducing incidents by 20%.	
Saven Technologies	October 2022 – January 2024
<i>Senior RPA Developer</i>	<i>Mysore, India</i>
• Optimized 15+ client processes with performance tuning and Document Understanding. • Established reusable components and governance standards for audit-ready bots. • Collaborated with stakeholders to align automation governance with compliance standards.	

WarpDrive Tech Works

April 2019 – January 2020

Technical Specialist

Bangalore, India

- Delivered reporting automation and data processing to speed analytics and improve timeliness.
- Planned Unit, Integration, SIT, and UAT cycles to assure stable releases and predictable handovers.
- Reduced processing time by about 60%, enabling near real-time analytics and retention uplift.

Infosys BPM

March 2016 – January 2019

Senior System Engineer

Bangalore, India

- Supported RPA/.NET delivery for production systems with SLA-bound fixes.
- Mentored new hires in UiPath and .NET, introduced proactive monitoring.
- Saved 12 FTEs through automation initiatives.

Education

Visvesvaraya Technological University

August 2011 – August 2015

Bachelor of Engineering – Computer Science

Belagavi, India

Certifications

- UiPath Certified Professional - Advanced RPA Developer (UiARD) - [Certificate](#)
- UiPath Agentic Automation Associate - [Certificate](#)
- Agentic Prompt Engineering

Languages

- English – Full Professional Proficiency (C1)
- German – Intermediate Working Proficiency (B1)
- Kannada – Native Proficiency
- Hindi – Native Proficiency
