Summary

Senior Field Service Engineer with 11+ years of specialised expertise in HPLC and UPLC platforms within regulated pharmaceutical, biotech and government laboratories. Recognised regional technical authority for speciality detectors (ELSD, FLR, RI) and binary UPLC systems, managing critical escalations and global support cases. Deliver installations, IQ/OQ/PQ qualifications, system upgrades and Empower 3 integrations under GMP, GLP and FDA-compliant environments. Trusted trainer for customer workshops and ARC user days, strengthening laboratory self-sufficiency and reducing repeat service incidents across high-value key accounts.

Core Skills

- **Chromatography & Instruments:** HPLC, UPLC, binary pumps, UV, PDA, RI, ELSD, FLR, QDA, Alliance, Acquity, ARC
- **Installation & Qualification:** Installation, IQ, OQ, PQ, calibration, validation, buffering OQ, connectivity tests, LAN setup
- **Software & Data Systems:** Empower 3 CDS administration, CDS, configuration, instrument control, data acquisition, reporting, support
- **Compliance & Quality:** GMP, GLP, FDA expectations, data integrity concepts, 21 CFR Part 11 compliance, audit ready documentation
- **Customer Support & Training:** Field service operations, SLAs, key accounts, customer workshops, user days, technical seminars
- **Collaboration & Problem Solving:** Work with engineering, global support and product teams, continuous improvement, root cause analysis

Experience

Waters India Pvt Ltd

April 2015 – Present

Senior Service Engineer II

Mumbai, India

- Lead field service operations for Waters and Agilent HPLC and UPLC systems across pharma, biotech, government and industrial laboratories in West India.
- Serve as regional technical resource for ELSD, FLR and RI speciality detectors and binary UPLC platforms, handling critical escalations and GSS global support cases.
- Execute 80+ installations and qualifications (IQ, OQ, PQ), system upgrades and compliance validations under GMP, GLP and FDA-regulated environments.
- Support key accounts including USV, Sun Pharma, Abbott, Novartis, BARC, IIT Mumbai and multiple government laboratories.
- Deliver technical workshops, user days and customer seminars, improving first-time fix rate and reducing repeat service calls across region.

Selected Key Accounts

- USV Pvt Ltd, Sun Pharma, Abbott Healthcare, Novartis, Teva, Zoetis, IPCA Laboratories
- BARC, IIT Mumbai, ICAR-CIRCOT and multiple government and research institutions

Projects

Critical UPLC H Class Installation for Hospital Laboratory

- Led critical UPLC H Class installation and qualification for a hospital laboratory during COVID lockdown restrictions.
- Coordinated safety measures, staff and internal teams to compress all installation, IQ and OQ into a shorter schedule.
- Delivered validated system in time while meeting safety and documentation needs and uptime expectations for testing.

Remote Support Initiative for Mahad Industrial Customers

- Launched remote service support model for Mahad industrial customers to reduce onsite field visits and downtime.
- Used structured triage, guided tests and logs with Empower calls to resolve instrument issues, remotely for customers.
- Resolved 60% of service incidents without visits, cutting travel time and improving uptime across plants.

Education

Rajiv Gandhi Institute of Technology, Mumbai University

2008 – 2012

Bachelor of Engineering, Instrumentation Engineering

Mumbai, India

Certifications & Training

- Compliance specialist certification for Waters HPLC, UPLC and ARC systems, including speciality detectors.
- QDA detector troubleshooting and installation qualification training.
- Empower 3 operational and functional training, including software configuration and troubleshooting.
- Alliance HPLC operational and troubleshooting training, including installation and qualification.
- Agilent LC qualification on Empower software and third-party system configuration training.

Awards & Recognition

- Nominated three times for Best Engineer of India and Global Star Excellence Award within Waters India.
- Recognised by President of Waters India for exceptional service performance and technical leadership.
- Regional technical resource for ELSD, FLR and RI detector escalations across West India.
- Impact Award recipient for critical UPLC installations during COVID at hospital site under high-risk conditions.
- Recognised for highest technical competency in resolving complex speciality detector failures across regulated pharma sites.
