Dear Hiring Manager,

I am writing to express my interest in a Service Delivery and Branch Operations position within your organization. With over seven years of experience across ICICI Bank, Kotak Mahindra Bank, and IndusInd Bank, I have led customer service, teller operations, and compliance workflows that align closely with the precision and documentation rigor valued in German financial institutions.

In my current role as **Service Delivery Manager at IndusInd Bank**, I oversee SLA performance, KYC and digital onboarding, and audit-ready processes. I have successfully redesigned lobby triage and document verification stages, which reduced customer handling time and improved first-contact resolution rates. Earlier at Kotak Mahindra Bank, I managed teller and vault control, ensured clean audits through disciplined reporting, and enhanced cross-functional collaboration with sales to lift customer satisfaction (CSAT) scores.

My experience with **FCRM systems**, clearing/CMS, and core banking tools allows me to manage complex operational workflows efficiently while maintaining data privacy and compliance. I am also developing my German language skills (B1 level) and am motivated to contribute within an EU-regulated environment that values accuracy, structure, and customer-centric service.

I would appreciate the opportunity to discuss how my experience can add value to your operations team in Germany. Thank you for considering my application.

Kind regards,

Duraisamy G
