Summary

Data professional with 5 years spanning engineering services and healthcare analytics, builds executive Power BI dashboards, and operates Azure Fabric/ADF for governed refresh. Strength in KPI design, data quality, and cross-functional finance/ops reporting, comfortable with Lakehouse patterns and dimensional modeling for EU/US stakeholders.

Core Skills

- **Data & BI:** Power BI, DAX, Power Query (M), KPI design, variance analysis, row-level security
- **Azure & Fabric:** Microsoft Fabric (Pipelines, Dataflows, Lakehouse), Azure Data Factory, Azure SQL, ADLS Gen2
- **Excel** (pivots/lookups), Visual Studio
- **SQL & Modeling:** T-SQL (MSSQL), star/snowflake schema, dimensional modeling, data validation
- **Automation/Tools:** Power Automate, Logic Apps, Git, SharePoint,
- **Programming:** Python (Pandas, NumPy)
- **Domains:** Finance & Operations, Healthcare RCM

Experience

Ramboll India Pvt. Ltd.

August 2023 – Present

Data Analyst

India

- Delivered finance/ops KPI dashboards, aligned exec needs and reporting cadence to speed decision cycles by 20%.
- Modeled data with SQL/DAX and Power Query, standardized joins/types/validations to lift dataset reliability by 25%.
- Built ADF/Fabric pipelines from ADLS Gen2 to Azure SQL/Lakehouse, stabilized scheduled refresh to 1% failure.
- Governed workspaces and access, monitored capacity with a seat-utilization view used by 40–60 monthly viewers.

AGS Health Pvt. Ltd.

September 2022 – August 2023

Senior Analyst

India

- Owned KPI packs for coding accuracy/productivity, produced pivot-based reports used in monthly leadership review.
- Cleansed ICD-10/CPT datasets using Excel checks, reduced recurring data defects by 15% across reporting cycles.
- Analyzed denial/error trends, recommended fixes that improved team throughput by 10% quarter over quarter.

WorldSource India Pvt. Ltd.

November 2020 – July 2022

Coding Analyst

India

- Maintained coding datasets and audit checks, ensured reporting completeness/consistency for 5–10M row extracts.
- Built routine Excel visuals for throughput/quality, enabled team leads to track daily performance and SLA variance.
- Consolidated recurring reports, cut manual prep time by 25% and improved on-time delivery to stakeholders.

Education

Hindustan University

2013 – 2017

B.Tech, Aerospace Engineering

India

Certifications

- Microsoft Certified: Fabric Data Engineer Associate (DP-700), Microsoft
- IBM Data Analyst, IBM

Languages

- English - Full Professional Proficiency (C1)
- German - Intermediate Working Proficiency (B1)
