Chitradurga, India

- Managed POS billing, reconciliations, customer queries, and supported inventory operations efficiently.

Projects

SAP S/4 HANA Green Field Implementation - Xylem

- Led requirement gathering and configuration of payment methods and core AP processes in SAP S/4HANA, including intercompany interfaces with legacy systems through CPI and XIP via IDoc.
- Owned test script design and SIT execution, driving effective defect identification and resolution.
- Played a key role in implementing Financial Closing Cockpit (FCC).

SAP ECC Support Transition (Vendor to In-house) - ECOLAB

- Led functional onboarding and stabilization for global FI users during service transition.
- Built runbooks for SAP FI, HFM, Blackline and GetPaid (GEP), lifting first-time resolution 10–15% in steady state.

SAP ECC Upgrade (EHP4 to EHP8) - ECOLAB

- Supported functional testing, cutover, and post go-live stabilization across FI sub-modules.
- Executed regression and UAT cycles, closing upgrade defects before Finance sign-off.

S/4HANA Compatibility & Readiness Checks - ECOLAB

- Performed readiness assessments and pre-checks for S/4HANA finance roadmap.
- Advised Finance on remediation items and tracked closure to support program milestones.
- Partnered with integration teams on GoAnywhere, Mulesoft and Tibco changes to keep finance interfaces compatible.
