Dear Hiring Manager,

As a Customer Operations and Branch Management leader with over 16 years in retail banking and insurance, I offer deep experience running high-volume branches while protecting customer trust and regulatory compliance. My career at Axis Bank, IndusInd Bank and MetLife spans branch operations, customer service, GL reconciliation, KYC and agency sales, which aligns well with operations and service roles in German banks and fintechs.

In my current role as Manager - Branch Operations at Axis Bank in Ludhiana, I lead a team of more than ten colleagues across cash, clearing, account opening and servicing. I keep GL reconciliation, KYC checks, maker-checker controls and SLA/TAT performance under tight control while maintaining strong customer experience. Recent results include cutting GL and payable breaks and rework by 20-30%, keeping complaints below 2% of total cases, lifting fee income by about 10% and sustaining audit scores above 90% through disciplined process improvement and coaching. I enjoy using MIS reporting and root cause analysis to turn data into better decisions for the branch.

Earlier, as Deputy Manager - Customer Service at IndusInd Bank and Sales Manager at MetLife, I built a strong foundation in frontline service, cross-sell and team leadership. I handled walk-in customer service across accounts, deposits, payments and cards, managed daily sales MIS and consistently achieved 110% of cross-sell targets, with gold, insurance and fund revenue contributing around 25% of fee income. At MetLife I led a 30-agent team, delivered around 120% of annual premium targets and earned Sales Wizard recognition, which sharpened my ability to motivate and develop teams in KPI-driven environments.

Germany's banking and fintech sector demands reliable branch operations, strong risk and audit control and a sharp focus on customer experience. I bring hands-on experience in these areas, along with English at full professional level and intermediate German (B1), and remain ready to relocate and integrate quickly into German work culture. I would welcome the opportunity to support your organisation with branch operations, customer operations and sales support responsibilities.

Sincerely,

Manjit Kaur Maan
