Summary

IT Service Delivery leader with 14+ years across enterprise IT operations, service management, and client engagement. Own end-to-end delivery across service desk, desktop support, VIP support, and managed services in complex environments. Strong in ITIL processes (Incident, Problem, Change), governance, SLA/OLA management, and stakeholder communications. Build KPI frameworks and reporting cadence, turning operational data into service improvements and decision-ready insights. Drive continual service improvement using DMAIC, improving consistency, audit readiness, and customer experience.

Core Skills

- **ITSM Processes:** Major incident management, problem management, change management, knowledge management, service transition
- **Service Governance:** SLA/OLA governance, service reviews, escalation management, vendor/supplier coordination
- **CSI & Methods:** DMAIC-based improvement, SOP standardization, PIR action tracking, RACI accountability
- **Reporting & KPIs:** KPI design, CSF tracking, outage reporting, trend analysis, performance dashboards, executive packs
- **Delivery Leadership:** Stakeholder management, cross-team coordination, communication cadence, issue triage
- **Domains:** Enterprise IT operations, service desk operations, desktop/endpoint support, business continuity

Experience

Telstra (ICC)

November 2019 – Present

Client Engagement Manager, Technology

Bengaluru, India

- Own ITSM delivery for enterprise accounts across service desk, desktop, and VIP support.
- Run Major Incident, CAB, and PRB governance, coordinate resolver groups, vendors, and communications.
- Reduce MTTR by 15% using DMAIC-based CSI, standardizing PIR actions, trends, and KB updates.
- Deliver KPI and SLA/OLA packs (productivity, quality, training), improving review decisions and visibility.

CGI

June 2012 – October 2019

Service Delivery Executive

Bengaluru, India

- Managed IT service delivery for client accounts, aligning daily operations to contracted SLA targets.
- Led governance calls, escalations, and recovery plans, enforced IT standards and operating procedures.
- Improved SLA compliance by 10% by tightening incident triage, follow-ups, and action ownership.
- Onboarded new accounts and set baselines, reporting cadence, and stakeholder communication plans.

Convergys India Pvt. Ltd.

November 2010 – May 2012

Technical Support Executive

Bengaluru, India

- Handled technical support and complaint resolution, meeting quality standards in high-volume queues.
- Documented issues and escalated complex cases with clear context to speed supervisor decisions.
- Increased customer satisfaction by 13% via a call protocol and peer coaching.
- Maintained 91% CSAT while balancing speed and accuracy across shifts.

Fine Services

April 2008 – March 2010

Technical Executive

Bengaluru, India

- Delivered onsite desktop support and diagnostics, ensuring reliable day-to-day user operations.
- Built and maintained PCs under AMC, completing preventive checks to reduce repeat issues.
- Recommended OEM systems and Microsoft products based on needs, budget, and compatibility.

Projects

Service Governance and KPI Framework

- Defined KPI and OLA measures aligned to SLA commitments for service reviews and operational governance.
- Consolidated outage and trend reporting, improving decision speed for 10+ stakeholders.

Major Incident and PIR Rhythm

- Established major incident communications cadence and PIR templates for consistent updates and action tracking.
- Optimized RACI ownership to reduce repeat incident themes by 12% across review cycles.
