Summary

Supply Chain Analyst with 3+ years of experience across luxury retail and manufacturing operations. Specialized in SAP-enabled inventory control, demand alignment, and logistics optimization. Delivered measurable gains in stock accuracy, shrinkage reduction, and material flow efficiency. Skilled in Excel, SQL, and Power BI for data-driven decision making, KPI reporting, and business analytics. Strong foundation in cross-functional operations within EU environments.

Core Skills

- **Planning:** Demand Planning, Replenishment, S&OP
- **Technical Skills:** Advanced Excel (Formulas, PivotTables, Power Query), SQL (Data Extraction, Joins, Aggregation), Power BI (Dashboard Development)
- **Operations & ERP Systems:** SAP ERP, Oracle ERP, MS Dynamics 365
- **Domains:** Retail Supply Chain, Manufacturing Logistics, EU Operations

Experience

Gucci **September 2023 – January 2026**
Inventory Controller *Bicester, United Kingdom*

- Lead end-to-end inventory governance across retail and back-of-house operations to ensure stock integrity.
- Leverage SAP ERP, cycle counting, and reconciliation controls to maintain real-time inventory accuracy.
- Analyzed inventory data using SAP to improve stock data accuracy by 30% and reduce shrinkage by 10% through structured root cause analysis.
- Optimized warehouse-to-shop-floor replenishment for 1K+ SKUs, accelerating product availability cycles.

CYTOS **January 2022 – August 2022**
Design and Manufacturing Engineer *Pune, India*

- Managed material flow and production scheduling to streamline manufacturing logistics operations.
- Implemented ERP-based tracking systems and enhanced inventory databases for operational transparency.
- Reduced logistics delays by 20% and improved process efficiency by 30% via Lean workflow optimization.
- Mitigated project overruns by 10% through bottleneck analysis and structured risk assessment.

Projects

Stock Management Process Optimization – Gucci **Bicester, UK**

- Strengthened inventory control framework to reduce shrinkage and improve demand responsiveness.
- Applied SAP analytics and structured cycle audits to enhance stock reconciliation workflows.

Design and Development of 3-Spindle Machine – CYTOS **Pune, India**

- Engineered mechanical design to optimize workflow and manufacturing throughput efficiency.
- Coordinated material planning and production sequencing across cross-functional teams.

Education

Oxford Brookes University **2022 – 2023**
MSc International Business and Supply Chain Management *Oxford, United Kingdom*

Shivaji University **2017 – 2021**
Bachelor of Engineering in Mechanical Engineering *India*
