- **Tools & Reporting:** ServiceNow; Jira; Confluence; Excel; PowerPoint; Power BI; Tableau; GenAI copilots

Professional Experience

Capgemini

November 2021 – Present

Engagement Manager / Senior Manager

Bengaluru, India

- Lead enterprise engagement delivery for L'Oréal Europe and Alstom across build and run streams, governance, and escalations.
- Manage ITIL incident, change, and problem workflows in ServiceNow with RAID tracking, change control, and release readiness.
- Improved SLA attainment by 10% through RCA governance, recovery planning, and elimination of recurring incidents.
- Manage 15+ senior stakeholders and 67 delivery staff across multi-vendor teams while ensuring margin and SOW compliance.

Born Commerce (Tech Mahindra)

May 2019 – November 2021

Senior Project Manager / Service Delivery Manager

Bengaluru, India

- Managed delivery and AMS operations for retail and telecom accounts across Magento and Shopify and run stability.
- Executed governance cadence, demand planning; enforced SLA reporting and change control.
- Optimized delivery predictability by 15% through backlog hygiene and dependency management, reducing escalations.
- Partnered with 8 stakeholders across UK and global teams; aligned scope, runbooks, and acceptance criteria.

PFSWeb

September 2016 – May 2019

Project Manager / Service Delivery Manager

Bengaluru, India

- Owned Hybris AMS delivery and program execution for retail and medical equipment clients across build and run workstreams.
- Applied incident and problem management, release planning, and quality triage using structured acceptance criteria and reporting.
- Improved defect triage cycle time by 20% through standardized workflows, reducing rework and delivery friction.

Weir Minerals

March 2009 – September 2016

Technical Development Manager / Architect

Bengaluru, India

- Built and led global IT delivery across mining and manufacturing, covering architecture and delivery governance.
- Delivered quotation and customer support systems; aligned requirements, design, releases, and support readiness.
- Modernized delivery into scalable run operations, improving stability and release discipline by 15%.

Shyamala Systems

May 2005 – March 2009

Software Engineer

Bengaluru, India

- Delivered enhancements and production support for enterprise applications, coordinating requirements, and releases.
- Applied SDLC practices in Java/J2EE environments; collaborated with users to resolve defects and ship improvements.
- Reduced defect resolution time by 10% through structured triage and clearer requirements documentation.

Selected Solutioning / RFP Leadership

L'Oréal POS RFP

January 2025 – March 2025

Solution Manager

- Owned solution approach and governance model definition for POS bid response, aligning delivery and operating model.
- Accelerated proposal readiness by 20% through estimation alignment and stakeholder sign offs across workstreams.

L'Oréal CRM POS RFP

June 2024 – October 2024

Solution Manager

- Led solution definition and estimation for CRM POS proposal, aligning delivery strategy with executive stakeholders.
- Improved bid quality by 15% through standardized assumptions, scope clarity, and governance artifacts.

Nestlé POS RFP

June 2019 – August 2019

Solution Manager

- Owned solution leadership and proposal development for POS RFP, translating requirements into delivery and governance plan.
- Enabled faster stakeholder alignment across 8–12 reviewers by consolidating scope, risks, and estimates.
